Borough Population Survey Planned As Commission Elects Simpson Head

Narberth's Planning Commission will undertake a study of population in the borough to show its trend, character and density prior to making any recommendations to council.

This decision was reached at last Thursday's meeting of the commission at which its members elected Bert G. Simpson chairman and Ralph S. Dunne secretary.

The commission also plans to study the report of the Lower Merion Planning Commission and the surveys made for county projects.

Various subjects were discussed including zoning changes, restrictions as to types of houses, a new railroad station, an underpass at Essex avenue, a new postoffice, a swimming pool.

The secretary was authorized to find out what Federal funds are available for a postoffice and also what government funds may be available for other improvements including roads.

Another meeting will be held at borough hall Wednesday night.

Members present were J. J. Cabrey, Walter R. O'Sullivan, William H. Durbin, Simpson and Dunne.

The chairman, Mr. Simpson, is plant engineer of the Philadelphia division, Bell Telephone Company. He is a former president, 1935-1937, of the Narberth Players and a present director of that organization. He lives at 201 Woodside avenue.

Mr. Dunne, the secretary, is owner of the Narberth Coal Company, president of the Narberth Business Council, lives at 9 Shirley road.

Heads Planners

BERTINE G. SIMPSON
division plant engineer, Bell Telephone Company, who is chairman of the newly-formed Narberth Planning Commission.

RALPH S. DUNNE
Business Council leader and former Civic Association president, who is the Borough Planning Commission's secretary.

"The Thunder"

of the Sea," said to be the first documentary sound motion picture to be produced by any religious body in America, will be seen and heard in Holy Trinity Lutheran Church on Thursday evening, March 17, at 8 o'clock.

The film, prepared by the Board of American Missions and presented by the United Lutheran Church in America to all its 4,000 congregations in the United States and Canada, depicts the place of the church in the modern world, and shows how it extends its teachings to meet the requirements of growing and changing populations. It has been acclaimed by critics as being a most dramatic and unusual presentation.

Since all the churches of the community work approximately along the same line as does the Lutheran Church, the picture, it is believed, will be of interest to them. The people of Holy Trinity will be very happy to share the evening with any person, whether a member of the church or not. There is no admission charge.

Nineteenth Anniversary

of the American Legion is March 15-17. It will be celebrated by the Harold D. Speakman Post, Narberth, Tuesday evening, March 22, at an open meeting in the Legion Room of the Community Building. Present and past members of the post and their wives are invited to reserve the evening for good fellowship, cards and refreshments. Robert L. Collins, former commander, is entertainment chairman.

Registration Days Soon

Registrars will sit for six days this month to register new voters in Lower Merion and Narberth.

March 21, 22, 29, 30 and 31 they will be at the Township Building, Ardmore.

March 23 is the date for registration at the Borough Hall, Narberth, for all three borough districts.

Borough Council will hold its regular March meeting Monday night at Elm Hall, and the School Board will meet Tuesday night.

Rabid Dog Picked Up in Penn Valley Killed by Police

Three Other Dogs in the Section Are Quarantined for 100 Days

FIRST CASE SINCE 1936

Dog Warning

Keep your dog confined or in leash, is the friendly warning of Fred Walzer, whose job at Harrisburg as head of the State Dog Law Enforcement Division, is to help dog owners. He visited Narberth Wednesday to say the State authorities plan next week to round up stray canines and fine their owners. Lower Merion's current rabies scare, coupled with complaints of a superabundance of local dogs on the loose, makes the round-up necessary.

The first case of rabies in Lower Merion Township since 1936 was reported last Monday when a stray dog was picked up by police at Bryn Mawr avenue and Longacre road, Penn Valley.

At the township pound, the dog was examined by Dr. R. M. Staley, who termed it a clinical case of rabies. The dog was destroyed Friday and the head sent to Harrisburg, where the diagnosis was confirmed.

Dr. Charles Simmons, of the State Department of Agriculture, visited the township Tuesday and investigated all possible contacts of the stray dog. Three dogs believed to have had contact with the rabid dog have been quarantined for 100 days. They are:

A setter, owned by Daniel J. McNichol, 737 Braeburn lane; wire-haired fox terrier, owned by Mrs. William Wallace Farr, 615 Broadacres road; Boston terrier, owned by Mrs. Randall R. Strawbridge, Broadacres road and Braeburn lane, all of Penn Valley.

A fourth dog, believed to have been bitten by the stray dog, owned by Mr. and Mrs. John Sampey, Broadacres road, was destroyed at the Sampey's request by the police.

At the meeting of the Board of Health Monday night, the board sent a request to the commissioners to have the police department enforce any quarantine the State might establish and also requested that the weekly pick-up of stray dogs be restored.

According to Dr. Grim, veterinarian and health control officer of the Board, there is no immediate danger from any dogs which the stricken animal may have bitten since it takes from three weeks to a month for the disease to develop.

"Facts We Should Know"

about our Fire Company" will be the topic of Fire Chief John A. Miller and Dr. William S. Howard, 2 P. M., Monday, at the regular meeting of the Narberth Fire Company's Mothers.

Dr. Albert C. Barnes, of Merion, was elected director of the company by the executive board, Monday evening.

"Double Door"

with special costumes and special new scenery, next week-end.

It has been some time since the Narberth Players have given a costume play, due somewhat to the added expense in rental. However, in "Double Door" at least fifteen period costumes are required, all of which will make the performance that more interesting. Then, too, for the coming production an entirely new set has been built and is being painted by Ellwood Reich, who has done excellent work with other organizations.

The Players surely deserve the fullest support not only by the people of Narberth, but those of the entire Main Line, when it is considered that every production costs in the neighborhood of \$150, due to costs of royalties, hall rental, costume rental, scenery, advertising and many "etc."

One of the features of the production of "Double Door" will be the very capable cast consisting of six new members this season and six of the older members. Production will take place on the nights of Friday and Saturday, March 18 and 19, at the borough's Elm Hall, with curtain at 8.45 sharp.

Rotary Tuesday, by
Raymond L. Watrous, Avon road, Narberth, at the Bala-Cynwyd-Narberth Club's meeting. Rotarian Watrous, who is treasurer of R. R.

Wm. Shewell Ellis

RAYMOND L. WATROUS

Bringhurst and Company, said the original function of an undertaker was simply that of a cabinet maker; that a century ago his company, which had one of the original 50 listings in the Philadelphia phone book, made coffins priced from \$1 to \$32. (Today's varied services, including providing a casket, range mainly between \$200 and \$500, with \$285 for an average. In 1930 the average was \$315.)

After tracing embalming and undertaking from Egypt's antiquity to the present, Mr. Watrous discussed cremation, a vogue which is gaining slightly in the East, and rapidly in the West.

Visitors Tuesday were Robert Fellows Wood and Ralph Springer, of Ardmore, and W. C. Tague, of Narberth.

Chairman of next Tuesday's program is L. Stanley King, Cynwyd druggist, Bala-Cynwyd Building Association president, former president of the club.

Library Officials

from the city and suburban area will be guests

of the Narberth Community Library Association when the Philadelphia Library Association holds its annual meeting in the borough Community Building on May 18.

There will be morning and afternoon sessions and a luncheon for the visitors. Prominent speakers will give talks.

In preparation for the event, the Rev. Robert E. Keighton, president of the local association, Tuesday night appointed these two committees:

Hospitality: Mrs. Clifford W. Bates, Mrs. Harry A. Jacobs, Mrs. William Bailey Goodall.

Program: Mrs. Ernest C. Drew, Mrs. Fanny H. Loos, Mrs. H. R. Rinehart.

Narberth Firemen Put Out

two small fires this week: A field on the Ingersoll property, Wynnewood and Bowman avenues, Merion, at 4.40 P. M., Sunday; and a hedge at Haverford and Dudley avenues, Narberth, at 11.10 A. M., Wednesday.

Building

plans for the 11-apartment structure at Narberth and

Price avenues have been filed, it was learned Wednesday. Specifications for the four-unit structure will be considered by the Narberth Planning Commission, probably at its meeting next Wednesday, and a permit for work to start no doubt will be issued in the near future.

The building, publicized for months, reached a further step toward realization this week when Robert J. Nash reported the sale of the site (his own home for many years) containing more than three acres of land.

Total cost of the project will reach over \$600,000, it is expected. The site was held for sale at \$75,000 and the building is figured to cost \$550,000.

It will be built by Narberth Apartments, Inc., with Maurice Heilveil and Henry Temin, both of Philadelphia, as principal promoters. The same corporation built Narberth Hall, at 300 Essex avenue.

It is reported that the New York Life Insurance Company has advanced \$430,000 under the mortgage insured by the Federal Housing Administration to finance the project.

Move to Dedicate Area to
Borough Approved by
Association

PALMQUIST NEW HEAD

After more than a score of years as a community within a community, Narbrook Park is planning to join the borough of Narberth.

At a reorganization meeting of the Narbrook Park Improvement Association Monday night, it was decided to endeavor to get property owners to put the road in front of their homes in shape to meet borough requirements with the hope of later dedicating the thoroughfare to the borough as a public highway.

Narbrook Park, which is surrounded by Windsor, Conway, North Wynnewood and Price avenues, of course, is a part of the borough so far as school, voting and other privileges are concerned, but its park and lake area and oval and circular roads are the property of the association.

The Narbrook Park Improvement Association on incorporating in 1927 acquired these rights from the Narberth Civic Association. Previously the former had been a social organization for a decade.

Its forty families list many of Narberth's most prominent residents who, in the majority, are now willing to yield independence in return for better maintained streets. At present there are as many ruts as homes in the park, or so it seems to the motorist.

Elected president at the meeting was Dr. Elmer A. E. Palmquist; vice-president, Mason S. Collett; secretary, Mrs. S. H. Brown, Jr.; treasurer, S. H. Brown, Jr.; park superintendent, Wesley P. Bailey.

Dr. Palmquist is secretary of the Philadelphia Federation of Churches and a founder and one of the most active members of the association.

Republican Council Trip for March 22

Visits to Supreme Court Building and Capitol Will be Featured

An all-day trip to Washington has been planned by the Lower Merion-Narberth Council of Republican Women for Tuesday, March 22.

Leaving the Pennsylvania Railroad 30th Street Station at 8.24 A. M., the group will arrive in Washington at 10.45 A. M. Luncheon will be served at the Savarin Restaurant on arrival.

Plans call for a visit to the Supreme Court Building and to the Capitol, where seats will be reserved in the House and Senate. A sightseeing trip and visits to the Arts and Industry Building and the Natural History Building will be followed by a tea at the Hotel Mayflower which is being given for the Council by Montgomery County's Congressman, Hon. J. William Ditter.

Leaving Washington at 6 P. M., the group will have dinner on the train, arriving back at 30th Street Station at 8.10 P. M. Free parking is provided at the station for those who wish to leave their cars there.

The entire cost of the trip is \$5.75, which includes railroad fare, dinner and transportation in Washington. The only additional cost is for luncheon which will be fifty cents.

Reservations should be made to the chairman, Mrs. Helen G. Greenwood, 306 Cynwyd road, Cynwyd, by March 18. For further information, call Mrs. Greenwood at Cynwyd 688 or Cynwyd 811.

Faith Healing

—of ailments mental, physical and spiritual—will be offered at All Saints' Church, Wynnewood, this coming week by the Rev. Robert B. H. Bell, one of the Episcopalian church's greatest personalities in modern times. He will preach at the 11 o'clock service Sunday, and also at special services 8 o'clock each evening of the week beginning Sunday. Cures as authentic as previous miracles in the history of the Christian church, are a common occurrence with Dr. Bell, who practices what he preaches. "Fear nothing; be of good cheer; and have faith."

Dr. Bell, who spoke at the Wynnewood church recently, has just completed a healing mission at the Church of the Saviour, Philadelphia.

The 75 New

members of The Women's Community Club of Narberth will be entertained at luncheon at Green Hill Farms, followed by a musical, next Tuesday at 12.30. Miss Margaret Harshaw, contralto, will sing. The meeting is open to the community and luncheon reservations can be procured from Mrs. J. E. Burrell not later than March 13.

Miss Harshaw, Narberth girl studying voice at the Juilliard Institute in New York, is a favorite on the Narberth Club programs. Her sister, Mrs. C. F. Kuebler, music chairman, is not able to appear with her this year, and the club will miss their duets.

Four more applicants were voted into club membership at a special meeting of the board called by the president, Mrs. E. W. Heymann, at her home Tuesday morning, bringing the total to three-fourths of the high goal of 100 set by Mrs. E. B. Hoskins, new membership chairman, last fall. The new members are: Mrs. John Spurr, Mrs. A. B. Wheeler, Mrs. Joseph Bissell and Mrs. Charles Benton.

Mrs. Hoskins and her committee will be hostesses at the luncheon. The committee is: Mrs. J. D. Sutherland, Mrs. Charles McCurdy, Mrs. John Miller, Mrs. F. R. Lindsey, Mrs. R. A. Mizner, Mrs. V. R. Woodcock, Mrs. John Nash, Mrs. A. E. Davis, Mrs. C. F. Kuebler, Mrs. H. C. Fenno and Mrs. Judd Minnick.

Those who cannot attend the luncheon are invited to come later to the musical. For transportation call Mrs. P. A. Wales, transportation chairman.

Reports on the meeting of the National Federation of Wild Life of America held in Baltimore were given at the meeting of the Conservation department of the club, at the home of the chairman, Mrs. H. A. Jacobs, Wednesday morning. Mrs. Jacobs and her guest, Mrs. E. G. Griscom, of Roslyn, who made the reports, told how the President had proclaimed a national Wild Life week for the first time, to be observed the week of March 20 to 26.

More than 45 members of the group on Literature and International Relations attended the dessert luncheon given by Mrs. C. E. Starr and her co-hostesses, Mrs. E. C. Batchelor and Mrs. C. A. Farmer, at Mrs. Starr's home Tuesday. Mrs. W. R. Giles reviewed "This England" by Mary Bailey Goodall.

Program: Mrs. Ernest C. Drew, Mrs. Fanny H. Loos, Mrs. H. R. Rinehart.

Around Our Town

Saturday night: Doc Howard escorting a pretty little girl from Atlantic City. . . . The almost-carefree expression at day's end, on the face of the town's busiest business man, Ralph Dunne. . . . The Haverford avenue hum when week-end shopping is on. . . . Children dashing to the theater's matinee and later, loitering homeward. . . . Girls from a private school trying to sell an ad to a local business man.

Perhaps the best informed man in town is Walter Supple.

Know any maids, cooks, cleaning women? They're needed by many a resident. Leave names and addresses or phone numbers at the OUR TOWN office, and without obligation they will be helped to find positions.

Best liked names so far for a bigger OUR TOWN are *Main Line* (already in use) and *Town and Township*. What do you recommend?

Business Bits

Pictures were taken Monday night of Howard Cotter's window, full of Florida and tropical fruits. A record-breaking shipment of the fruit was sold last week-end by Cotter's Market, fresh from Indian River.

Bernard Weinstein joined the Narberth Men's Shop well-dressed group this week, and Pat Patterson last week.

'Tis said that retail sales have fallen off 10 per cent in Philadelphia, due to the city's 2 per cent sales tax. Suburban stores are noticing a corresponding improvement in their business—those alert enough to take advantage of their opportunities. Many, however, and especially the automobile dealers, are leaning backward to avoid taking advantage of their city competitors. A sensible view, however, seems this: If a big enough dent is made in city business by a sales tax boycott, there will be sufficient clamor to turn out of office the expensive political drones of overlapping Philadelphia County and City, which Lincoln Steffens years ago called "Corrupt, but contented." . . . Why not force the city to emulate Progressive LaGuardia's New York, instead of Hague's Jersey City?

Twenty-three junked cars originally worth \$50,000 went up in flames Monday night, in a Villanova fire watched by over ten thousand. Main Line auto dealers did it as a publicity stunt, and last Saturday paraded 97 newer used cars.

The Book Shelf

Jay Carver Bossard, Baird road, is listed as the author of "Your Home and You," an illustrated publication to be released next month. The landscape architect discusses designing and planning your home, interior decoration, care of the home, the grounds, house plants, and gives a guide to American antique furniture. (\$1.50.)

Among books recommended for Lenten reading: Jorgensen's "Saint Catherine of Siena" (about \$3); Gorres-Coudenheove's "Maria Ward" (\$2.75); The Bishop of London's Lent Book, 1938—"The Church Victorious" (\$1); Northcott's "Dick Sheppard and St. Martin's" (in-the-Field . . . best known parish church in the world) (\$1.40); Underhill's "Saint Peter" (\$2.50).

Thornton Wilder's scenery-less play, "Our Town," will be published April 4 (\$2). Advance orders for the first edition will positively be filled, if you order now.

Editor:

In last week's issue, I was referred to as the chairman of the Lower Merion Township Commissioner's Playground Committee. This is not the case and in my talk before the Penn Valley residents, I stated that the administration of open play fields was now and had been for the past two years, ably handled by the chairman of the Playground Committee, C. Brooke Jones, commissioner of the Pencoyd district.

The Garden

Mrs. E. C. Griswold informs us the crocus is blooming a week early, this spring. And the robins are more in evidence than usual. (First robin of the year was reported in Penn Valley New Year's Eve, but he was alone in his hardihood, and not so cheerful as his March brethren.)

There's a big list of books on gardening available. Do you want OUR TOWN to publish it next week?

Late winter is a good time to fertilize turf. By getting this odious job out of the way now, warm days of spring may be devoted to more pleasurable tasks. Select a fertilizer high in phosphorus since this element is one of the limiting factors in turf production in Pennsylvania. Hundreds of lawn owners as well as managers of athletic fields, golf courses, and cemeteries have obtained good results from an agricultural 4-12-4 fertilizer. A 6-12-4 analysis is also good or one may select a 5-12-3 or a 4-12-3.

Where lime is needed it should be applied a few weeks later, using 50 to 75 pounds of ground limestone to 1000 square feet. If the need for lime is doubtful, a soil test should be made.

The Penn Valley Garden

Club will hold its regular meeting on Monday at 10:30 A. M. in All Saints' Parish House, Wynnewood. There will be a discussion on annuals.

Committee chairmen named were: Membership, Robert Cowland, Narberth; Speakers, Thomas N. Cook, Narberth; Publicity, Robert Reinhart, Jr., Merion; Committees, Ward French, Rosemont.

The council will meet again March 31 in the Lower Merion Township Building, Ardmore.

on Junior Calendar. Child discussion was interesting.

The meeting of the Child Study Group of the Narberth Junior Woman's Club, last Monday night at the home of Mrs. Harry Watts, took the form of a round-table conference. Each member brought one or two of her children's favorite books. After the meeting these were discussed. Why some were favorites while others, that the mothers thought perfect, were ignored or positively disliked by the children. An article was read, "Why the Child's Story Should Have a Happy Ending," which led to a discussion of unpleasant dreams, etc., and the things that the child really absorbs or the supposed "horror" that pass right over his head (re: The much-discussed nursery rhymes) does he get the real meaning or just the rhyme? One of the mothers, the parent of three boys, gave her experiences with both books and toys, and the possession and sharing of them all. Another paper was read on "What Influence Will the Modern Newspaper With its Crimes Told in Such Detail Have on Our Children?" This last article, of course, led to a discussion of the "thrill" programs, so-called children's programs, on the radio. They prove a nerve hazard for the mothers as well as the children. Will we raise a generation of nervous wrecks? The evening proved an interesting one because it made everyone want to do something about these stumbling blocks to easy and natural childhood. At the next meeting it is expected that Dr. Blanchard will talk on "When Should Sex-Education Start?" After last night's grand reading of George Bernard Shaw's "Candida" by Mrs. Maroa Bailey, it seems that anything the juniors present will be rather an anti-climax. It is hoped that the spring fashion show, on March 24, will fill the void. Mrs. Glenn Williams, the chairman-in-charge, has promised that this will be "the best one yet." As you know the juniors themselves will model. There will be palms, music, in fact, all the "fixins," so come and bring your neighbor and get a glimpse of what the well-dressed Narberthite will wear!

Don't forget the dance to be held March 26, at the Bala Golf Club, from 10 till 2 A. M. Burt Kinzel will supply the music as before. Prices same. No extra charge for the extra good time! Kay Wheeler and Emma K. Crosley are the hostesses.

Mrs. J. C. Goodyear, Mrs. E. C. Griswold, members of the Senior Club, are the latest Blanket Club winners. M. K. H.

NOW THEY'RE PLOWING WIRE!

Scientists in the Bell Telephone Laboratories recently took a tip from the farmers. For a long time they searched for a more satisfactory and economical method of constructing telephone lines in certain rural sections. At last they found their answer in a special type of plow and a new insulating material. Where the soil permits, their new plow will cut a deep but narrow furrow, lay an insulated wire and smooth out the furrows in one operation just as fast as a man can walk. Twenty inches beneath the surface, protected from deterioration by the new rubber insulating compound, these new lines are now safe from their age-old enemies—sleet, hail and wind!

Telephone lines have been placed underground in cables or conduits for years, but it was not until the development of this new insulating material that this simple method of burying wires without other protection became feasible. This is but one in a long list of contributions which the Bell Laboratories have made to improve telephone service and to keep it low in cost. The Bell Telephone Company of Pennsylvania.

Go to Church Sunday . . . (Contributed)

Text: And many people shall go and say, Let us go up to the mountains of the Lord . . . and He will teach us His way. Isa. 2:53.

Every Sunday ought to be a go-to-church Sunday.

And He came to Nazareth, where He had been brought up, "and as His custom was, He went into the synagogue on the Sabbath day." I wonder where that "custom" arose in His life? I surmise He got the habit from His parents. It was a good habit, and He kept it up.

That thing "custom" is worth pausing over. The name John Wanamaker is well known not only in Philadelphia, but the world over. His business successes, his unquestioned integrity, and his Christian service, are part of a long and noble record. He never missed a Sunday at his home church, unless for illness or absence from the United States, and then he attended elsewhere. He traveled 1,000,000 miles in order to be present at his own church in Philadelphia—"as was his custom."

When someone asked why he attended so faithfully, he said, "For the same reason that I eat or sleep; I need it."—Fine! The man who will attend church regularly with an open mind, will discover that something will come into his soul, and that some-

What a lot of shoosh could be told by the local lads who deliver the mail. . . . And what a lot could be told about them! . . . Another source of strictly confidential information is the milk men. . . . And let's not forget the ice men. But best informed of all are the service station attendants. . . . If you want the low-down on who pinches his or her pennies and who is a prince if ever there was one—ask a shopkeeper. . . . Whose used car narrowly missed being added to Villanova jallopy bonfire? . . . Who's stopped late night parking? . . . Who bought his wife an anniversary gift—only to find he was a week ahead of schedule? . . . Who wears the oldest, dirtiest, best ventilated hat on Haverford avenue?

thing is done for his soul.
Whether you be Catholic, Protestant or Jewish, go to church Sunday. God understands your creed. "Mine house shall be called an house of prayer for all people."

Sr. High Presents 'Mikado' Tonight

Gilbert and Sullivan Operetta Will be Given Again Tomorrow Night

With the crash of symbol and royal procession, Lower Merion again will present "The Mikado," Gilbert and Sullivan operetta, in the Lower Merion High School auditorium, Ardmore, on March 11 and 12.

Amid Japanese surroundings, the "Mikado," Albert Turner, will reign supreme, assisted by the Lord High Executioner, "Ko Ko," Harold Donnelly; "Pooh Bah," Lord High Everything Else, David Sengstack; and "Pish Tush," a noble lord, Don Lynch. "Nanki-Poo," the son of the Mikado, Ronald Paige, falls in love with "Yum Yum," Connie Smith, although "Kis-tisha," an elderly lady, Gertrude Gerneck, is already in love with him. "Peep-Bo," Kay Bailey; "Pittu-Sing," Beatrice Brown, and "Yum Yum" are wards of "Nanki-Poo."

Members of the girls' chorus are: Florence Aylor, Betty Carson, Margaret Eachus, Betty Evans, Elizabeth Fisher, Virginia Fletcher, Franchel Harrison, Marcia Mathews, Carol McIntyre, Lucile Miller, Dorothy Newman, Edith Rorke, Mary Ross, Gladys Shollenberger, Jean Shollenberger, Virginia Thompson, Bella Uranson.

Members of the boys' chorus are: William Bingham, Paul Bohem, John Flick, Robert Hoffman, Howard Kairer, Henry Land, Americus Marchione, Henry Marston, Edward McCracken, James McDonnell, Jack Southgate, Harris Strong, Charles Timm, Chester Tyson, Robert Wagner, Dan Weaver. Standard Bearers are: Jack Laird, Richard Wantworth, Bob Hoffman.

The production is under the direction of Allan V. Nern, assisted by Miss Florence Nicholson, stage director. Bruce C. Beach is managing the business end.

Narberth School

On March 4, there was another auditorium program for the students of the Narberth Public School.

Mrs. Brenner had charge, with her seventh grade. Each child had previously drawn a picture on a glass slide. These were put in the slide machine and the children told about them in the form of a radio talk. The pictures showed scenes in the Far East.

March 7 brought another boys' intramural basketball game. Miller's team played Heath's and Narrigan's played Hayward's. In the first game Miller won, 14-6. The second game was won by Narrigan's team, 6-2. Because Narrigan's team has won the majority of the games, this team won the letters.

ELEANOR HAYWOOD, Student Reporter.

This is the third part of the Narberth School's Classroom Activity program.

The second grades are under the direction of Miss Bishop and Miss Stock.

At the beginning of the year the pupils in the second grade studied the community helpers such as the firemen, policemen, grocer, etc. They learned the value of these helpers. Then they talked about what they would like to build. A grocery store was decided upon. First the groups made a trip to a store in Narberth. Then, after studying every detail of the store, the hard work began.

In Miss Stock's room the wooden frame for the store is completed and the cardboard for the walls and roof is on.

Miss Bishop's room isn't making a frame for its store so they are farther on in their work. They have a cash register, two telephones, and play money, as well as many empty boxes of food. The shelves were made of orange crates. The stores will be used by the children in their number work.

During the year they also studied Eskimo life, Indian life and made dresses, pottery, dressed dolls and made small frizzes.

The second grade has started simple multiplication and division.

Championship

of the Main Line Baseball League probably will be

determined by a fall series between winners of pennants in the first and second halves of the season rather than by last year's Shaughnessy play-off system.

Return to the old plan is wanted by Gene Davis, manager of the Narberth Champions, and several other league leaders, it was learned this week.

According to Manager Davis, it is felt the Shaughnessy system—play-offs at the end of the season among the first four teams—gives too many opportunities for an inferior team to win the title.

The half-season plan, he asserted, provides more incentive to the rival teams to put forth their best efforts at all times.

Incidentally, Narberth probably will be without the services this season of both Jack Eachus, catcher, who feels he can't work on a dairy route and play baseball at the same time, and Buddy Walker, first sacker, who is suffering from the effects of a broken knee.

Annual meeting of the Main Line League will not be until after the close of the M. L. Basketball League season, according to Walter Hanley, Paoli, president of the diamond circuit.

TIME OUT

My guess is that Pottstown will be too smart for the Glen Nor players tonight, in the Senior High tournament.

Looking back over the work of Coach Bill Anderson's boys this past winter, it seems that they are due a great deal of approbation for the splendid type of ball they played. They defeated teams which were manned by stronger players than the Maroon squad possessed and throughout the season gave their school and the spectators a fine exhibition of the indoor game.

With a strong, capable squad coming along for next year the fortunes of the Merionites may well take on a more favorable outlook.

Lower Merion's Junior High team enters the Montgomery County championship tournament at Norristown this week. Wednesday they were scheduled to meet Rittenhouse Junior High, of that city, in the first game.

Rittenhouse held the locals to the closest game of the season in January when they lost to the Leopards by one point in a great battle which was decided in the final minutes of play.

If the boys survive this opening test they will meet the winner of the Stewart-Bridgeport contest, or the winner of the Springfield-West Pottsgrove affair. All of these teams are strong and will afford worthy opposition to the fine bunch of boys that are representing the Orange and Black this season.

Charles Sivertsen, Bob Gane and Wallace Stewart, from Bryn Mawr; Walter Wolf, Jack Shombs, Nick D'Astora, Jack Ryan and Howard Alexander, from Ardmore; Bill Weiden and Bob Bailey, from Narberth, and Joel Muntz, from Overbrook, will do the playmaking for the Orange and Black.

FREE SCHOLARSHIPS

Offered to Seniors for Best Essay on the Constitution

Five scholarships in State universities are offered to high and preparatory school seniors in Pennsylvania for the best essay on the Constitution of the United States, according to an announcement made to school principals by Dr. Lester K. Ade, superintendent of Public Instruction.

Rules governing the contest, mailed to the State's 1270 secondary schools, provide that the contest will be open to the members of the classes graduating during the year 1938, including those of the February as well as the June classes.

Prizes for successful contestants are four-year scholarships ranging in value for the period from \$1600 to \$4000 made available by the following institutions: University of Pennsylvania, The University of Pittsburgh, Temple University, Duquesne University and Pennsylvania State College.

The five contestants whose essays are judged next in order of excellence will receive Certificates of Merit and will be considered alternates of the scholarship winners. Thus in the event that any of the winners fail to meet the entrance requirements of the institutions to which they have been awarded scholarships, winners of Certificates of Merit automatically will become eligible to receive the award in the order of their ranking.

United Campaign Is in Second Week

Workers Along Main Line Report Increased Giving by Contributors

Main Line workers for the United Campaign returned yesterday (March 10) from the second report luncheon of the campaign determined to shatter all local fund-raising records.

This determination, it was learned from Rodney K. Merriek, chairman of the Main Line Division, was inspired by the glowing reports of increased giving made by one worker after another.

The trend toward increased giving was announced at the first report luncheon on March 4, two and a half days after the start of the campaign at which time more than \$1,000,000 was turned in.

"Our workers were electrified by that first report," Mr. Merriek said yesterday. "It fired them with almost a crusading zeal, eager to raise our quota which this year is 20 per cent higher than last year's. Yesterday's meeting, at which it was shown that increased giving over 1937 contributions is not only continuing but actually mounting, did more for them—it filled them with a determination actually to go over the quota assigned to us."

Much of this determination was inspired, Mr. Merriek said, by what Winthrop Rockefeller, fourth son of John D. Rockefeller, Jr., had to say at yesterday's meeting about the \$10,000,000 Greater New York Fund.

The United appeal for philanthropic funds, Mr. Merriek said, was originated in Cleveland in 1913, thus making this year the twenty-fifth anniversary of this movement. Since the World War—a span of about 20 years—community chests in this country raised a total of more than one billion dollars, Mr. Merriek said.
